One-Day Hands-On Workshop “Back to Earth – Terracotta Camp”

The Nature Club of Ambedkar College of Arts and Science, Wandoor, organized a unique hands-on workshop titled “Back to Earth – Terracotta Camp” on 12th February 2025 (Wednesday) at Chakkalakkuth, Nilambur. The workshop was designed to reconnect students with the earth through the age-old art of terracotta pottery.

Nature Club Members during ‘Back to Earth - Terracotta Camp’ with the resource person Mr. Sherif Nilambur

The event was inaugurated with a welcome speech by the Nature Club coordinator, Sharshad Ameera U, who emphasized the significance of sustainable and traditional art forms in today’s modern context. The session was led by the renowned terracotta artist Mr. Shareef Nilambur, who brought his expertise and creative energy to the camp.

Participants engaged in the complete process of terracotta crafting—from shaping clay on the potter’s wheel to hand-molding intricate designs. Mr. Shareef demonstrated various techniques, shared insights on the cultural heritage of terracotta, and encouraged students to explore their creativity with clay. The session also included a discussion on the environmental benefits of using natural, biodegradable materials like terracotta.

Students from various departments took part enthusiastically and showcased their creativity by making beautiful and functional terracotta pieces. The interactive format of the workshop, coupled with the serene natural setting of Chakkalakkuth, made it an enriching experience for all.

The event concluded with a feedback session and vote of thanks by Mr. Shahul Hameed K. Nilambur Tourism Promotion Council Members were a part of this concluding session.

Distribution of Best Camper Prize to Fidha PK, 4th Semester BSc Mathematics

Nature Walk to Kuthirapuzha River

Following the Terracotta Camp, the Nature Club of Ambedkar College of Arts & Science, Wandoor, organized a refreshing Nature Walk to the Kuthirapuzha River in Nilambur forest. The event aimed to promote environmental awareness and provide students with a firsthand experience of the region's natural beauty.

Nature Walk Conducted as part of the Camp

Participants enjoyed a peaceful walk through forest trails and shallow river streams, engaging closely with the surrounding greenery and wildlife. The activity offered a much-needed break from routine while fostering a sense of responsibility toward nature conservation.

The walk was both educational and rejuvenating, reinforcing the importance of preserving natural habitats for future generations.
